13. High Tech: Level control compressor, sensors & limiter valve; pneumatic suspension pump, sensors & valves; ignition module; spark control/detonation sensors & controller; driver information display & module; moisture control unit & sensors; anti-detonation sensors; combination entry system; vehicle manufacturer installed anti-theft device; the following parts of the Anti-locking Brake System ("ABS"): electronic wheel sensors; pump & pressure control module; I/C chips. (Not covered on vehicles with over 125,000 miles at time of sale or when powertrain coverage is selected).

New Vehicle (Up to 5 years and 60,000 miles)

New Vehicle Plan: Covers a mechanical breakdown of any vehicle component unless the component is listed as excluded or another exclusion applies. For a detailed list of what is not covered please see your contract.

Limits and Exclusions: Coverage is subject to deductibles, limits and exclusions. The contract covers repairs only of covered parts and only when they suffer a breakdown as defined in the contract. Under some circumstances, a breakdown of a covered part may not be covered (for example, failure due to misuse or lack of proper maintenance or when a non-covered part is what caused the covered part to fail). Also, the exclusions contain a list of parts not covered, some of which may be associated with a covered part (for example, brake drums, pads and rotors; exhaust pipes, mufflers and catalytic converters; and body and trim items). Please see the service contract for details.

Optional Coverage*

New Vehicle Plans Only

(Eligible up to 5 model years old and 60,000 miles at time of sale)

Tire & Wheel Road Hazard Coverage*

This coverage provides vehicle tire repair or replacement when damaged by a road hazard. A road hazard is defined as objects and road conditions such as potholes, rocks, nails, metal parts, wood debris, plastic or composite scraps, or any item causing tire damage other than normal wear and tear. The aggregate combined Tire and Wheel Benefit shall not exceed \$2,500. The Tire Coverage limit is up to \$50 per incident for the repair of a flat tire damaged by a road hazard. If the tire is non-repairable it is eligible for replacement with a comparable new tire—limited to five (5) replacements. Also includes up to \$25 for mounting, balancing, valve stem, taxes and fees.

Paintless Dent Removal ("PDR")*

PDR is a process that uses specialized tools to push dented metal on your vehicle back to its original form without harming the vehicle's factory finish. Most small dents and dings can be removed using the PDR process. Dents that cannot be repaired using the PDR process are not covered, and must be repaired at a traditional body shop. There are no limitations as to the number of PDR repairs you may receive.

Front Windshield Repair*

Provides coverage for the repair of chips and/or cracks caused by propelled rocks or road hazard debris while driving on public roads, streets and highways. Also includes stress cracks or breakage caused by extreme temperature changes, highway potholes, or road hazards. (Excluded: damage from collisions, hail, weather-related circumstances, factory defects, or windshield damage other than that listed.) Coverage includes windshield repair coverage up to \$100 per incident, at three (3) uses per year, with a total program benefit of \$500. Benefit coverage is for front windshield glass repairs only. Cracks and/or breaks exceeding six inches (6") in length are considered "non-repairable" and not covered.

*Optional Coverage is not available in all states. See your service contract for exact terms, coverage and exclusions.
